Content:

This seminar aims to provide an insight into traffic and parking matters in the consideration of planning applications and the conducting of VCAT proceedings. The seminar will cover technical aspects including empirical assessments, traffic impacts, car parking credits, preparation of and understanding traffic evidence, the application and role of the Australian Standards, clause 52.06, Council examples, and VCAT's approach to parking and traffic matters.

Designed for:

Consultants, State and Local Government Planners.

Learning Outcomes:

How to approach parking and traffic matters in the consideration of planning applications and conduct of VCAT proceedings, including understanding and interpreting parking and traffic advice and evidence.

Presenters:

**Charmaine Dunstan
Traffix Group**

Charmaine has substantial consulting experience in transport and traffic engineering which has been gained across an extensive range of transport related projects for government and private clients. Charmaine has expertise in traffic management, road safety planning and engineering, parking management and strategy development, and development impact assessment of a range of land-use developments and regularly appears as an expert witness at VCAT, Panel Hearings and other Courts.

**Egils Stokans
Russell Kennedy**

An Accredited Planning and Environment Law Specialist, with over 20 years experience in planning and environment, local government and heritage law. In addition to legal qualifications, Egils holds Masters degrees in Environment Studies, Urban Planning and Heritage Planning.

Proudly supported by
